Anyone who  
needs to speak  
English better

**CLASS TYPE:**  
Virtual

**DURATION**  
7 Modules  
(8.75 hours)

**PRE-REQUISITE**  
Basic English

### Introduction:

*Welcome to my classroom!*

*The global economy speaks English.*

*Don't let poor English pronunciation skills hamper your personal and professional goals!*

*My **7 Days to Improve Your English Pronunciation** course is for non-native speakers who need to speak English better **in the least time possible** for success in the international economy. The focus is on standard US English.*

*In **7 Modules in 1-on-1 sessions of 75 minutes (8.75 hours total)**, each student will improve essential skills to gain confidence using spoken English in professional situations with colleagues and of course, clients.*

*So, don't hesitate any longer! Work with Professor Winn to finally sharpen your English-speaking skills for greater personal and professional success.*

*Professor Winn*

## Description:

*7 Days to Improve Your English Pronunciation* will help participants improve their English-speaking skills. This course focuses on some of the most difficult sounds and words in the English language. Participants will be able to speak more confidently in English with both clients and colleagues in the global economy.

The course will be delivered with proper practice in each session of two hours 1-on-1 with the student by Google Hangout or Skype.

This course will boost your ability to speak with correct intonation and proper stress so participants may **both** be understood and understand others speaking English.

## Course Objectives:

After taking *7 Days to Improve Your English Pronunciation*, students should be able to:

- speak English with ease and confidence
- pronounce some difficult words
- know how to distinguish from the stress of words and phrases
- have the recognition of words with silent letters
- listen and understand more English in both daily and professional settings
- feel confident talking to native English and non-native speaking clients and colleagues.
