Professor Winn

Description:

[*Get Hired!*](#) will help participants strengthen their English writing and speaking skills. Participants learn special strategies to write a persuasive cover letter. They decide on the proper structure of their résumé depending on the type of job and write it to present an engaged, professional image to employers. Finally, participants practice a simulated job interview and learn special tips to take advantage of the opportunity.

The confidence, skills, and knowledge gained in this course will help job candidates gain a competitive advantage in their job campaign.

The course will be delivered with proper practice in each session of two hours 1-on-1 with the student by Google Hangout or Skype.

Course Objectives:

After taking [*Get Hired!*](#), students should be able to:

- develop strong English writing skills to write their own cover letter and résumés
- speak English with ease and confidence in a job interview
- learn specific vocabulary to project a professional image in writing and in person
- practice secret tactics in the job interview to persuade a potential employer
- avoid common errors in the cover letter, résumé, and interview
- feel more confident in the job search process from cover letter to résumé to job interview.
